WE ARE MISSING YOU !

एक आह भरी होगी हमने,
न सुनी होगी जाते-जाते,
तुमने आवाज तो दी होगी।
हर वक्त यही है गम,
उस वक्त कहां थे हम,
कहां तुम चले गये,
खत न कोई सन्देश,
जाने वो कौन सा देश,
जहां तुम चले गये,
कहां तुम चले गये ...!

July 12 is birthday of my favorite person in the world. Today ,when I am writing this note, is celebrated as father's day all over the world. You were the father of the whole family. My heart aches to even remind myself the you are not with us, never thought in my wildest dream that 2018 was the last time I was seeing you. But none the less, I know you are my guardian angel protecting me every single moment. Today we are going to celebrate your legacy in your style. I will celebrate it with Chocolate cake and Dahi Bhalla and deserts with dark chocolate ice cream. I remember at baba's prayer meeting I realized he was loved and respected by so many people from all the generations, This is not because of what lifestyle he had nor by his money or by his status but by his affection , love, genuine warmth that he reflected every time he met anyone. He used to talk about the other person, Their achievements, the problems,and keeping himself in the background .Baba always helped other in his best capacity and that's the reason everyone loves him so much .One of many incident I will always remember him was once in 2015, I was distressed and I just called him like that and the next moment he was at my door in Noida with a hot parcel of chola bhatura at the age of 89, Just to cheer me up. These small things make you a person with heart of gold. You will be always in my thoughts and with your support I will get pass the toughest situations. I love you moon and back. Be at peace wherever you are. Keep shining bright as a diamond.
